

DELHI PUBLIC SCHOOL, KATRA

SUMMER HOLIDAY HOMEWORK

2020-21

CLASS: V

Dear Parents,

Not all classrooms have four walls, and learning is not confined to the school environment alone. Indeed, ever since we are born, we learn. Children, apart from learning at school, learn at home and at all places. Holidays give the children an opportunity to learn at their own and comfortable pace, with their first and most beloved teachers, their parents. In a bid to assist you in making this informal learning more organised, useful and enjoyable, we have planned a vacation homework that will engage your ward in some concrete learning. The intent is to promote not only academic learning but also activities which can gradually become hobbies. Interesting assignments are given as holiday homework, to help them learn without stress. Time management skills and life skills are the indirect benefits that children gain from the holiday homework. Here are some tips to make these assignments more meaningful:-

- Spend more time with your children during vacation.
- Your child's holidays should include listening to real life stories from you.
- Go for daily walks with your children.
- They have to look around them and realize that they are not the only owners of this planet and discover the uniqueness in them.
- Travel to places or visit your relatives or invite them to your home. This will help them understand the significance of relationships and the beauty of being together.
- Let us make our children experience such moments.
- Set aside a time in the morning hours for the homework, so that they work in an organised and disciplined manner.
- Holiday is a time to relax and rejuvenate, so just be there participating, guiding and helping them to enjoy their vacation to the fullest.

Parents are requested to just guide the children to complete the task on their own.

Regards Team DPS

Dear Children,

The theme of your Holiday Assignment is: **Clean India, Green India**

Clean India green India,
it is our motherland
We should keep it clean,
let us not be mean
We should not pollute,
the air nor water
Let us not cut forest and,
keep the animals safe.
Let us all grow plants,
on all of our birthday
To keep our family safe,
and to lend a healthy life
It is our responsibility,
to keep our country safe
To live in a very happy,
and beautiful way

Cleanliness is a good habit which is very necessary to all of us. Cleanliness is a habit of keeping ourselves physically and mentally clean including our home, pet animals, surroundings, environment, pond, river, schools etc. We should maintain the environment and natural resources (water, food, land etc.) Cleanliness together with the body in order to make the possibility of life existence forever on Earth .

“The ultimate test of man’s conscience may be his willingness to sacrifice something today for future generations whose words of thanks will not be heard”

Gaylord Nelson (Founder of Earth Day)

SUBJECT: ENGLISH

1. Read lesson no. 2, and 3 of literature reader. Find at least ten new words from each and write their meanings in your notebook.

! NEEDS

! HOPES AND DREAMS

! VALUES

! PERSONAL INTERESTS

! SKILL

Lemonade Activity

Ingredients:

1 cup of fresh lemon juice or 5 - 8 freshly squeezed lemons
6 cups cold water
 $\frac{3}{4}$ to 1 cup sugar
Slices of lemon

Directions:

Combine the lemon juice and cold water in a pitcher. Slowly stir in the sugar until you reach the desired taste. After the lemonade is well blended, serve in glasses of ice and garnish with a slice of lemon.

Optional: Add a little bit of grenadine to change the color to pink and add a fruity taste.

enjoy
